### Title V Permit Renewal Application

Notice is hereby given that Mountaire Farms of Delaware, Inc. having a facility at 29106 John J. Williams Hwy., Millsboro, Delaware, has submitted a request for a permit renewal pursuant to Regulation No. 30, Section 7 for operating permit: **(AQM-005/00004-Renewal 2)**. Based on the data and certifications contained in the application, the Air Quality Management Section concludes that the applicant meets all applicable requirements promulgated by the Environmental Protection Agency (EPA) and the Department of Natural Resources and Environmental Control (DNREC). Therefore a “draft/proposed” permit renewal has been prepared. This “draft/proposed” permit renewal replaces a No. 2 fuel oil fired grain dryer with a propane fired grain dryer (Dryer 2) and removes a Hatchery generator. The permit has been updated to the latest Title V model format.

The application, the “draft/proposed” permit renewal (**AQM-005/00004-R2**), all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the “draft/proposed” permit renewal may be inspected at the offices of the Division of Air and Waste Management, 156 S. State Street, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the application, please contact Joanna Austin at the Dover Office at 739-9402.

The “draft/proposed” permit renewal is being submitted to EPA period for concurrent processing. If there are no significant comments, the “draft/proposed” permit renewal will be issued as a final permit after expiration of the EPA review period.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending December 18, 2008. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit renewal’s probable impact.
